'FRONTAGE TAX' FRESH ATTACK ON TALK AT THE SUPERVISORS SOCIAL EVIL HERE

"Frontage tax" was the watch word
at the meeting of the city fathers
last night. Deputy City and County
Attorney Milverton decided that the
board is entitled to secure the ser-
vices of an outside attorney and draw
up a law providing for the levying
of a frontage tax, and the board also
decided that it would confer over the
matter with committees of the mer-
chants' association and the chamber
of commerce. Hope was expressed
that the supervisors and the legisla-
ture might get together on the matter
before any active steps were taken.

Ed Towse, who was the only citizen
in the audience, informed them of the
action of the commercial bodies, and
said he hoped that the legislative com-
mittee of the supervisors would get in
touch with the other committees. He
appeared surprised that the super-
visors, who are the most intimately
concerned in such a measure, because
of their relationship to the people,
had not been consulted. It was de-
cided that, despite the fact that it had
been ignored so far, the legislative
committee of the supervisors would
seek a conference with the other com-
mittees.

The presentation of another petition
signed by fifty Hawaiians asking for
the reinstatement of Doctor Moore as
assistant city physician, brought out
the fact that although Doctor Moore
has not been in office since the new
board assumed control, the Hawaiians
persist in going to him with their ail-
ments.

A bill was received from the city
engineer calling for \$1250 for work
done in preparing the site for the fire
house at Kaimuki.

The supervisors passed the resolu-
tion calling for the amount, on the
first reading, but decided to investi-
gate the situation before proceeding
further with the work.

THIEVES INVADE COUNTRY CLUB

Some coarse-mannered persons in-
vaded the classic precincts of Oahu
Country Club on Monday night, ran-
sacking the premises presumably in
search of hidden treasure, or the lat-
est golf scores, and before taking their
departure secured \$4.17 in cash and
some cancelled postage stamps, after
completely wrecking a two hundred
dollar cash register, maintained in a
small apartment to keep tab on the
ebb and flow of convivial inspiration.

The attempt to loot the storm cen-
ter of Honolulu's social activity and
whirl has been quietly bruited about,
until the determination was reached
that police assistance might well be
employed in the attempt to run the
miscreant to earth.

One of the chief matters to invite
the attention of "Big Chief" Arthur
McDuffie of the local detective de-
partment upon his return from Japan
was a request that a corps of trained
sleuths be sent out to get a line on
the individual who dared force his
unwelcome presence within the club
house, and thereby succeeded in de-
molishing the cash register and filch-
ing its store of wealth.

McDuffie was assured this morning
that a neat little collection of "chits,"
or I. O. U.'s bearing the signatures of
local frequenters of the resort had no
been molested, thereby relieving to
great extent the intense anxiety man-
ifested by the interested parties who
might have had occasion to shudder at
the possibility of paper bearing their
signature falling into dishonest hands.

Indications point to the fact that
Honolulu's exclusive club premises
was entered at an early hour of the
morning. The house committee faces
the proposition of purchasing a new
tabulator and money receptacle, and
it's a safe bet that in future the reg-
ister will never be closed though the
funds may be removed to a place of
greater safety.

In visiting the scene today, McDuf-
fie believes that he has a clew to the
intruder.

GUN EXPLODES; LYON WOUNDED

Ralph A. Lyon, chemist with the
Hawaiian Fertilizer Company, lies at
Queen's hospital, with a twenty-two
caliber bullet in his body, as the re-
sult of an accidental discharge of a
gun, and is now resting easy, with a
fair chance of speedy recovery, should
no serious complications follow.

The accident occurred at the office
of the fertilizer company yesterday
afternoon, while Lyon was engaged in
cleaning the gun and had overlooked
one cartridge in the magazine which
was accidentally exploded, sending the
lead missile into the body of Lyon,
the ball entering just below the heart.

Clinton G. Owen was in an adjoin-
ing room and hearing the shot rushed
to the aid of the injured man. The
police ambulance was summoned and
Lyon was taken to the hospital for
treatment.

Dr. Wood, who is attending the
young business man, is hopeful that
his patient will pull through an oper-
ation for the recovery of the bullet.

Raymond Belmont, the son of Au-
gust Belmont, the millionaire, is be-
ing sued for divorce by his wife,
Ethel Lorraine, with whom he eloped
last November.

With a view to ridding the city of
the so-called social evil question,
which now prevails in Honolulu, a
number of local business men and so-
cial workers who are interested in
the work of the Palama Settlement,
and who have been making an exhaus-
tive investigation of these conditions,
met at the settlement last evening and
listened to the reading of the final
reports presented by the investiga-
tors.

For some months past this commit-
tee has been hard at work digging into
the depths of the social evil question,
and meetings have been held from
time to time for the planning of a
broader scope of work. As it is un-
derstood, the work has been complet-
ed, and the reports which were read
last evening will be merged into one
final report which will be used in
wiping out the conditions which are
now known to exist. Another meeting
is being planned to be held some time
in the near future, at which time the
final report will be presented and defi-
nite action taken.

"We will not try to make any
changes in the legislation, nor take
any definite action toward bettering
the conditions, until we become per-
fectly sure that these conditions ex-
ist," said a member of the committee
this morning. "Our plan now is to get
at the bottom of the question and
gather in all facts regarding the con-
dition of the so-called social evil. We
will then go ahead and decide what
will be necessary to change the pres-
ent conditions. I believe that we have
secured all available data and it will
be at the next meeting that the plans
of the final action will be discussed."

CHONG OUT ON BOND.

Goo Tai Chong, alleged defaulting tel-
ler of the American Savings and Trust
Company, for whose apprehension Ar-
thur McDuffie, chief of detectives,
travelled thousands of miles, was al-
lowed to regain his liberty yesterday
morning by the action of Judge Rob-
inson. Hee Fat, a wealthy rice grower,
went surety for his bond to the
amount of \$5,000. Chong, who was
taken into custody in Japan two
months ago, will be arraigned before
Judge Robinson in the circuit court
tomorrow morning.

A girl likes to impress upon every
young man she meets that she has
rich relatives.

NEW TODAY

CARD OF THANKS.

The family of the late Captain
Charles Pedersen wish to thank their
many friends, more especially the
Inter-Island Steamship Company's of-
ficials, captains, officers, employees
and Local Harbor No. 54 for their
beautiful floral offerings and for the
kindness and sympathy shown to the
bereaved in their recent affliction.
